

Unit 1

21st Century Skills Project

Customize a car

**1 Collaboration**

Customize: To start with a normal car and modify it to suit the user's needs. For example, a car for Batman; a limousine for a family of seven, and so on.

Work in groups of three. Decide who wants the car (a celebrity, a big family, an explorer, a superhero). Complete the sentence.

We are customizing a car for _____

**2 Communication**

Work in groups of three. Discuss the following.

- The kind of car you will start with (limousine, sedan, convertible, bus, etc.).
- The changes you will make (take off roof, add wings, expand seats, etc.).
- The special features you will include (rocket boosters, baby seats, mini fridge, etc.).

**3 Creativity**

Draw a draft of your customized car in the box.

Make a poster of your customized car. Draw it and label the special features.

Present your poster to the class.

**4 Critical thinking**

Work with different partners. Analyze the posters and answer the questions.

- 1 Which is the coolest car?
- 2 Which is the most realistic?
- 3 Which is the most unrealistic?

**5 Evaluation**

Vote for your favorite customized car.
