Organize your ideas

You are posting these three photos in Instagram. You want to specify who these three John's are.

Write short descriptions of each person using relative clauses (*who, where, that, which, whose*). Make sure to include some non-defining relative clauses too. For example, *This is John K, whose mom is my Math teacher. John M, who lives in my neighborhood, is 15 years old.* Try to be as creative as possible!
